HELPFUL SUGGESTIONS

Write your name plainly when mailing orders.

Do not delay placing your order early.

Do not plant Dahlias in shady places.

Dahlias need sunlight, mellow soil, and room.

Dahlias beautify your home grounds.

Use the Dahlias for decorating your house.

The more you cut the flowers, the better they bloom.

All orders will have careful attention.

Never plant whole clump; single tubers grow better.

Do not stand bulbs on end when planting.

Plant Dahlias at least 3 ft. apart in rows.

Do not cover bulbs too deep in heavy soil.

To have good flowers, Dahlias must have care.

Keep the ground well cultivated.

Any information will be cheerfully given.

GUARANTEE

All orders will be filled from field grown tubers only. Dahlias are guaranteed to be true to name, and healthy stock. They will grow if given reasonable care on arrival and after planting in a suitable location.

All orders will be shipped postpaid to any point in the United States at prices in this catalog.

Orders will be filled and shipped so as to arrive at proper planting time, unless otherwise specified.

I advise that you place your orders early, to avoid disappointment, as the demand is larger than the supply on many varieties.

Remittance to accompany all orders. Cash, money order, or check, requested. I shall endeavor to handle your order so satisfactorily that you will recommend me to your friends.

For those not familiar with the names of Dahlias I will make a selection, giving good value for any amount you wish to invest, stating color, type, etc. most desired.

I would suggest that when ordering, a second choice be given. It often saves time and secures certain varieties that are always in demand.
